Update: COVID-19 Student dismissal

Dear Parents and Guardians,

The La Honda-Pescadero Unified School District is now under a directive from the San Mateo County Department of Health to dismiss students from March 16-April 3. We understand how difficult this is for parents and students. We will transition to "at home learning" with the first set of weekly packets being available on Tuesday, March 17, 2020. These packets of instructional materials will be available for pick up OR delivery to homes and work places.

Students will be responsible for completing these packets each week which will vary by grade level and take approximately four hours a day. We are developing a system of support for students who need assistance completing the work independently.

District staff will contact parents by phone on Monday, March 16<sup>th</sup> to gather information regarding whether weekly packets need to be delivered or if parents would prefer to pick them up. During the same call, families will also be offered food service for their students and arrangements will be made for daily pick up or delivery options.

We are committed to working with families to ensure that you have access to quality instruction and healthy food during this time.

Sincerely,

A handwritten signature in blue ink that reads "Amy Wooliever".

Amy Wooliever  
Superintendent, La Honda-Pescadero Unified School District
