California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

La Honda Elementary is a small, rural TK-5 school with approximately 65 students currently enrolled nestled among the towering redwoods and rolling coastal foothills of San Mateo County. On site is a pre-school serving approximately 10 children and an after-school care program. Other than a convenience store, post office, fire department, and realty office, the nearest towns with a variety of services are approximately 30 minutes away. The students, staff, parents, and community participate in school activities, some of which become community events such as the Winter & Spring Music Program, Halloween Carnival, Dot Day, Read Across America, Field Day, Lip Sync/Talent Show, and the Book Faire. The school enjoys the support of a strong Educational Foundation to initiate and implement curricular enrichment programs such as Art in Action, assemblies, field trips and our school garden program. We believe in and respect the individuality and intrinsic value of each child and adult. The strong academic program provides opportunities for individuals to grow in knowledge, to learn problem solving and decision-making strategies, to help themselves and others, to be fair and act responsibly, and to develop creative expression. Our goal is to encourage children to be lifelong learners so that they may lead happy, productive, and responsible adult lives.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

Morning supervision begins at 8:00 a.m. and after-school supervision is from 3:00 p.m. until 3:15 p.m. Students who have not been picked up by this time are sent to our after-school program. Visitors and parent volunteers are expected to visit the office to sign in so that we know who is on campus. Our janitor monitors school grounds and buildings as he cleans on a daily basis, as does the principal. Classrooms are large with many windows. We have sufficient classrooms, playground space, and staff space. Efforts to maintain controlled lighting and building upkeep are a focus. Many beautification projects are led by parent volunteers each year including seeding flower boxes and planters, planting trees, weeding, and painting. A courtyard in front of the lower building is beautifully paved with bricks sponsored by a number of contributing families and businesses. Currently, we are in the process of the La Honda Elementary Bond Project and construction is planned to start in the summer of 2017. Two new buildings for classroom and administrative use will be built and a current building will be repurposed for an assembly space, staff room and electives.

School Facility Good Repair Status

Year and month of the most recent FIT report: October 2016

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	One heater in the multipurpose room is nonoperational, but a second heater works and heats the entire space. We have approved a bid for a new heater to be installed in the space. The heater in the Kinder/First classroom functioned improperly, but has been checked.
Interior: Interior Surfaces	Fair	A few classrooms have small tears in the carpet and one classroom has a water stain on the carpet from a previous leak. The office has two loose tiles. The La Honda Elementary Bond Project will address these minor repairs.
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation	Good	The staff restroom in the lower building is used by the community on weekends and evenings and needs to be cleaned thoroughly on a regular basis. The custodian has had the expectations reviewed with him.
Electrical: Electrical	Fair	Some lights were out throughout the campus. The custodian replaced all lights that needed to be replaced.
Restrooms/Fountains: Restrooms, Sinks/Fountains	Good	The preschool classroom had two lights out and a concern with the sink clogging in the classroom. Both items were addressed by custodian. One classroom has a sink that has a sink turned off due to a previous leak. The La Honda Elementary Bond Project will address these minor repairs.
Safety: Fire Safety, Hazardous Materials	Good	
Structural: Structural Damage, Roofs	Good	There was a crack surrounding the multipurpose room. It was repaired and sealed.

External: Playground/School Grounds, Windows/Doors/Gates/Fences	Good	Three windows were in need of minor repairs. The repairs have been noted and the La Honda Elementary Bond Project will address these minor repairs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
English Language Arts / Literacy (grades 3-8 and 11)	51.0%	69.0%	34.0%	48.0%	44.0%	48.0%
Mathematics (grades 3-8 and 11)	51.0%	52.0%	31.0%	36.0%	34.0%	36.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2016-17)

The parents of La Honda Elementary students appreciate the importance of education and value the strong academic, social development and enrichment programs provided by the school. For the last several years, no fewer than 96% of students' parents have participated in the twice-yearly parent/student/teacher conferences. The very active Educational Foundation (founded in 1991) supports the school through its fundraising activities and many committees, coordinating services such as room parents, library helpers, book fairs and phone trees; organizing various celebrations and events such as the school picnic, Walkathon, the Halloween Carnival, talent show and field trips as well as implementing curricular enrichment programs like Art-in-Action and place-based education such as our environmental science/nutrition instructor in our school garden. Parents have opportunities to be involved with decision making at the school and district levels through a variety of committees. Parents, grandparents and community members are involved as classroom volunteers, participate in school field trips, and support their children's learning at home.

School Safety Plan (School Year 2016-17)

The school safety plan/handbook includes the following key elements:

- directions for drills and emergency procedures
- evacuation maps
- emergency team members and designated staff assignments
- emergency numbers for law enforcement and fire department
- student release forms
- schedule of monthly fire drills
- schedule for twice a year earthquake and lockdown drills
- review of color code
- threat assessment protocol

Along with the school safety plan/handbook, emergency folders are provided in emergency bags that include the following:

- class lists with emergency contact numbers
- color cards

Emergency bags contain the following:

- first aid kit
- emergency folders
- school safety plan/handbook

The emergency bags are updated with first aid supplies as needed and with updated class lists if and when enrollment changes.

In addition to emergency bags, we have a supply of emergency food and water in each classroom and shared space throughout the campus.

The school safety plan/handbook was last reviewed and updated in August 2016. It was reviewed and shared with staff at an August 2016 site meeting, as well as being shared electronically via email and Google Drive. Emergency bags were created in early September 2016.

Professional Development

Professional growth is key area of focus for La Honda Elementary. Three full-day Staff Development opportunities occur throughout the school year. In addition to those days are bi-weekly district-wide professional developments where teachers from both elementary schools come together to learn and collaborate. These bi-weekly opportunities take place on Wednesdays, which are early release days. Teachers are provided four full-day teacher work days. Bi-weekly site meetings are conducted for additional site specific professional development needs and plan school-wide events. The focus of teacher learning in 2016-2017 is on implementation of Reading Workshop throughout the school and is supported by instructional coaching, co-teaching and using site meetings to develop a shared understanding of the instructional model. This is also supported by opportunities to participate in Teachers College Reading and Writing Project professional developments.
