School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019—20)

La Honda Elementary is a small, rural TK-5th grade school (and preschool) with approximately 86 students currently enrolled. We are nestled among the towering redwoods and rolling coastal foothills of San Mateo County. There is an After School Program on site, as well. Other than a convenience store, post office, volunteer fire department, and realty office, the nearest towns with a variety of services are approximately 30 minutes away. The students, staff, families, and community participate in school activities, some of which become large community events. Examples of these include our musical concerts, Halloween Carnival, Book Fair and Talent Show. The school enjoys the support of a strong education foundation, La Honda Educational Foundation. The foundation funds initiatives and enrichment opportunities for our students. Some of these include Art in Action, assemblies, Makerspace, field trips, school garden, an instructional aide, and after school enrichment such as yoga and art.

We believe in and respect the individuality and intrinsic value of each child and adult connected to our school. The strong academic program provides opportunities for untidily to grow in knowledge, learn problem solving and decision-making strategies, help themselves and others, to be fair and act responsibly, and to develop creative expression. Our goal is to encourage children to be lifelong learners so that they may lead happy, productive and responsive adult lives.

We unveiled new school-wide values after gathering feedback from various stakeholders (students, staff and parents). **We are kind. We are thoughtful. We are connected. We have unlimited potential.**

School Facility Conditions and Planned Improvements

Facility Inspection Tool data collected on September 23, 2019

Our school consists of three buildings, two portables and a large multi-purpose building. Our Preschool, school kitchen, office and TK/K/1 classroom are housed in one building. Our 2/3 and 4/5 classrooms are housed in another building. Our staff room, Makerspace, lunch room, and The Den (multi-use space) are located in our third building. One of the portables is for our After School Program and the other portable is for our music elective. The multi-purpose building in the lower campus is used for PE and school-wide activities/performances.

Construction/work was completed on our lower campus. Our shade structure, turf soccer field and track are in place. We have a few smaller projects remaining in the La Honda Elementary Bond Project, but a majority of the work has been completed.

Our custodian cleans on a daily basis and provides assistance for small maintenance needs. The principal is present on campus throughout the day.

The District maintains a Deferred Maintenance Program, which assists schools with expenditures for major repair or replacement of existing building components. Typically, this includes roofing, plumbing, heating, electrical systems, interior and exterior painting and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven
Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 2017–18	School 2018–19	District 2017–18	District 2018–19	State 2017–18	State 2018–19
English Language Arts / Literacy (grades 3-8 and 11)	52.0%	58.0%	40.0%	43.0%	50.0%	50.0%
Mathematics (grades 3-8 and 11)	43.0%	52.0%	22.0%	31.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019—20)

The parents of La Honda Elementary appreciate the importance of education and they value the strong academic program, social and emotional development and enrichment opportunities provided by the school. Our parents, the La Honda Educational Foundation and other community members play a vital role in our school community. We have a very active educational foundation (founded in 1991) that supports the school through its many fundraising activities and committees. Every classroom has a room parent that helps organize and support classroom and school events. Parents support our annual Book Fair, Spirit Gear sales, Halloween Carnival, and Lip Sync/Talent Show. Parents also play an active role in Open House festivities, Field Day, field trips, performances, assemblies and other school-wide activities.

Parents have many opportunities to be involved with decision making at the school and district levels through a variety of committees, such as our School Site Council, Raccoon Council (student leadership) and LCAP.

We have a strong parent presence and our community benefits from their active involvement.

School Safety Plan (School Year 2019—20)

La Honda-Pescadero Unified School District, along with other San Mateo County School Districts, endorse and support **The Big Five** as part of our *Comprehensive Safety Plan*. The Big Five supports a common language in the event of the following emergencies: Shelter in Place, Secure Campus, Drop/Cover/Hold On, Evacuation and Lockdown/barricade. Staff have been trained in the protocols and students and parents have been presented with the information pertaining to The Big Five. We have monthly Evacuation Drills with Fire Alarm, as well as other drills related to The Big Five.

All classroom and shared spaces have regularly updated emergency bags that contain the following: emergency folders, safety handbook, first aid kit, earpieces for walkie talkies and color cards. In addition to emergency bags, each classroom and shared space has a supply of water and food in case of emergency. Walkie talkies have been implemented school-wide for immediate action needs that may or may not be related to The Big Five.

The *Comprehensive Safety Plan Handbook* is revised yearly and reviewed with all staff. It was most recently updated in the summer of 2019. In addition to the *Comprehensive Safety Plan Handbook* The Big Five resources and materials are reviewed, shared and discussed for clarification at the start of each year and throughout the school-year as needed.
